

OUR CAUSE

The YMCA is committed to serving everyone in the community and never turns anyone away based on their inability to pay for memberships and programs. The Y is a community partner, an advocate for healthy living, and cares very much about the people we serve.

To raise funds for our Changing Lives Campaign we host a variety of meaningful fund raising and awareness events throughout the year. These events are designed to educate the community in all the Y does, and provide funding to those in need. Each year we award approximately \$300,000 in financial assistance to those in need for Y memberships and programs. **All proceeds from the Y's Changing Lives Golf Tournament- the 30th Annual Corporate Cup Challenge - support the Y's Changing Lives Campaign.**

Our annual golf tournament is held in memory of Frank Martinelli. Frank was a past Y member and president of the YMCA Board of Directors. His commitment to the Y's mission was unwavering.
