HYDROSPIN

Hydro riding is different from our typical Spinning Classes. Hydro riding offers cardiovascular exercise while being immersed in the water. Immersion in the water lowers the body temperature and in turn the heart rate, which allows for longer training, buoyancy and reduced soreness often associated with regular spinning. This class is also easier on those with lower back problems. This 40 minute class can burn between 500-700 calories. Hydro riding will accommodate beginners to pro athletes. Classes will be based on a first-come, first-serve basis. Must have water shoes to attend. This class is free and only available to Tri-Valley Y Members.
